COMMUNICATION.

W. H. CLOW, Esq., General Agent of the

Ethia Life Insurance Company.

DEAR SIR:—I am just in receipt of Five

Thousand Dollars in cash, for the Policy of

J. H. Rogers, deceased, the amount of

Policy being \$7,250, and you will accept my

thanks for your faithful and prompt atten-

tion to this interest, and most heartily do

I commend to the confidence of our people

the Ethia Company for her ability.

I expect to be in Raleigh in about 10 days,

and then want to take a policy on my own

life.

Yours truly,

J. H. ROGERS, deceased.

Adm'r of T. J. Rogers, deceased.

COMMENT.

There is that which scatters, and yet

increases. The Ethia knows no North, no

South, East or West, but offers protection

to all alike—a home institution in the

broadest sense.

lows turn out to-day.

To-day being a National holiday,

the Post-Office will be closed from 10

a. m., to 6 p. m.

The show windows of our confec-

tionary dealers are pyrotechnically

displayed for the 4th.

The Mexican war veterans will

meet this morning in the Senate

Chamber at 10 o'clock.

The bond of Magnolia, the County

Treasurer, is declared by Judge

Watkins to be insufficient, and yesterday

before the adjournment of the Court,

ordered that a new bond be given in

ten days.

The match game of base ball that

would have come off to-day at Wil-

son between the Swifts of this

city and the Wilson club has been

necessarily postponed on account of

the absence of the catcher and pitcher

of the Wilson club. The game

will come off, as we hear, at an early

day.

At the recent Commencement of

the University of Missouri, the De-

gree of Doctor of Laws was confer-

red upon Rev. B. Craven, D. D., Pres-

ident of Trinity College, N. C. This

distinguished scholar, on one more worthy,

or one better entitled to receive it.

N. L. Brown, whose place of busi-

ness on Fayetteville street has been

applied styled Brown's Museum on ac-

count of the large variety of his stock,

announces in to-day's News several

specialties in his line, chief among

which is the celebrated Ewing's par-

lor, hall, church, and school-room

organs. For any and every thing

from a pig's yoke to a steamboat,

Attention is called to the adver-

tisement to be found in to-day's

News of that old and reliable com-

mission and grocery house, A. G.

Lee & McCormick. They have

superior facilities in every way

for conducting a large business,

and upon strict merit, are building up

a trade second to no house in the city.

They are first class business men,

clever, polite and accommodating,

and deserve the large patronage they get.

Quite a crowd congregated on the

street in front of our office yesterday

to witness the didos of a balking

horse attached to a dray. The driver

insisted on using the lash, another

suggested leading him off, in short,

at least a dozen suggestions were

offered and taken, but all to no pur-

pose; the horse would balk in spite

of all the means and appliances thus

far used. Dr. Blackball, of the

Yarborough House, leisurely sauntered

in the crowd, walked up to the horse,

patted him on the shoulder, then tak-

ing up his fore foot, held it about a

minute, at the same time saying

something in the horse's ear. Putting

down the horse's foot, the Dr. told

the driver to go on. The horse coolly

walked off as if nothing had occurred,

not even looking sorry for what he

had done.

A SAD CASE.—Mr. Lemuel Year-

by, of the firm of Yearly & Rogers,

merchants on Hargett street, left his

store about 7 o'clock yesterday to go

to his breakfast at his residence on

McDowell street. As he did not re-

turn by 11 o'clock, something very

unusual with him, his partner, Mr.

Rogers, sent a messenger to his resi-

dence to enquire the cause, &c. Mr.

Yearby returned to the store after eat-

ing breakfast. Enquiries were there

made for him on the street, but no-

thing could be heard of him. Later in

the day Dr. Wm. Little reported the

fact that returning from a visit to a

patient in the country about 7 o'clock

a. m., he met Mr. Yearby just beyond

St. Mary's Female Seminary, on the

Hillsboro road, walking quite fast

and seemingly a little excited. Several

gentlemen, with a few of the day

police force, set out at once to search

TELEGRAPHIC NEWS

NOON DISPATCHES.

The British Parliament discussing the rights of Ireland to Greater Self-Government.

LONDON, July 3.—The debate on home rule has concluded. Disraeli was unable to agree that Ireland had any right to a greater amount of self-government than Scotland or England. He demonstrated the groundlessness of the complaint that Irishmen were not appointed to high offices of the Government and denied that Ireland was treated as a conquered country. He said two separate parliaments would be constantly in collision. A minority in each parliament would be always appealing to the Imperial Parliament. He opposed the motion because it was injurious to both countries at the great crisis of the world, which was nearer than some supposed. He wished the people to be united to accept this motion, would produce disintegration in England, and might result in the destruction of the Empire.

McCarthy, Mitchell, Wogan, O'Connor, Don and others, spoke in support of the motion.

At a late hour, the House divided and Dr. Butler's resolve was rejected by 61 years to 438 days.

FROM WASHINGTON.

WASHINGTON, July 3.—General Lechman, who arrived here this morning, called on the President at noon and formally accepted the appointment as one of the District of Columbia Commissioners. He was selected after the President had a consultation with Denison and Blow, the other Commissioners, who said the appointment would be very agreeable to them. They will take the oath of office to-day, and expect to organize for business on Monday. There is much anxiety among a large class of citizens for that event, as they will have a disbursement of about a million of dollars among unpaid employees under the late District Government.

A Vessel Destroyed by Lightning—A Sewing Machine Manufactory Destroyed by Fire.

NEW CAPE DEL, July 3.—During a heavy thunder storm last evening, an unknown vessel was struck by lightning just below Wilmington Creek and burnt to the waters edge. No particulars have been received about the fate of the crew or name of the vessel.

PHILADELPHIA, July 3.—Henry Loth's manufactory sewing machine cases have been burned, loss \$60,000.

Policemen Indicted for Highway Robbery—The Cotton Crop.

NEW ORLEANS, July 3.—The Grand Jury indicted Badger, Chief, and Flanagan, Captain of Police, for highway robbery in seizing the Bulletin's forms.

The Cotton Exchange crop report shows a slight decrease in average planting. The late stand is small, but growing finely. Fields are clean. No complaint about labor.

The New Orleans Anti-War Southern Mail Contractors.

WATERBURY, July 3.—Dr. Bon-sano has been appointed Superintendent of the Mint of New Orleans.

The bill to make an appropriation to pay the mail contractors South for service performed prior to the 31st of May, 1861, failed to become a law, but it will come up again at the next session.

A Man Beats His Wife Fatally—The St. Louis Bridge Tested.

NEW YORK, July 3.—During a quarrel last night, George Stone, once a wealthy banker, beat his wife fatally with a soda bottle.

ST. LOUIS, July 3.—A final and very severe test of the Big Bridge yesterday was satisfactory.

Mayor Havemeyer Re-appointed Commissioner of the New York State Prison.

NEW YORK, July 3.—Mayor Havemeyer has re-appointed Police Commissioner Charles and Gardner, who had been convicted of malfeasance.

MIDNIGHT DISPATCHES.

FROM WASHINGTON.

Jay Cooke & Co. Receive a Dividend—Grant of For Long Branch—A General Excursion Follows—Negro Policemen Arrested For Forgery—Other Minor Items.

PHILADELPHIA, July 3.—A Trustee of Jay Cooke & Co. has received a check from the President of the Oregon Steam Navigation Company for thirty-seven thousand five hundred dollars in gold, as a dividend on fifteen hundred thousand dollars stock. Other dividends will follow as the season advances, as the Company pays its surplus to stockholders monthly.

The President has gone to Long Branch.

Fish leaves this evening. Bristow has gone to Kentucky to attend the funeral of a member of his family.

Avery has assumed the functions of Chief Clerk of the Treasury.

Marshall Jewell has accepted the Postmaster Generalship. His first assistant will not until Jewell arrives from Europe.

Among the West Point cadet appointments are Samuel Scott Wells, from Louisiana; Reuben S. Smith, from Florida; Paul T. Goodloe, from Alabama.

The District Commissioners as finally organized are J. H. Ketchum, Blow and Denison.

Mention has been heretofore made of discoveries of forgeries of orders for firemen's and policemen's certificates on the office of Comptroller for the District of Columbia to-day. Albert Underwood and Thomas B. Warlick, both colored, were arrested on information charged with the forgery. Several other parties connected with it will also be arrested. Underwood has been messenger in the Comptroller's office for some months. He was a member of the late District Legislature, and is well known as a local politician. Warlick graduated from the Howard University as a lawyer, and has since acted as a clerk in the Collector's office.

It is reported that some of the depositors in the Freedman's Bank are selling their pass-books for less than their value, either from necessity or ignorance of the fact that the Bank Examiner, Meigs, after a thorough examination of affairs of the bank, has placed the assets, deducting the bad and doubtful debts at 93 cents on the dollar. The officers of the company say that with proper care on the part of the management, the books will be worth more than that sum, and that

CARMER'S

AGUE ANTIDOTE.

A SPEEDY AND INFALLIBLE CURE FOR AGUE AND FEVER IN ITS MOST STUBBORN FORMS.

This exceedingly popular medicine has been tried in more than five thousand cases, and has never been known to fail. It is a single ingredient. This preparation is particularly adapted to the Ague and Fever so prevalent in the malarial districts of the Southern States.

The great superiority of this preparation above others of the same kind is, that it contains no Mineral whatever, nor any ingredient the least injurious, and it has a wide reputation in the Eastern portion of North Carolina, where it has been extensively used for the last twenty years.
